Steps for Azure Certificate verification

Step 1: click the below given link

<https://msftstudentcert.cloudreadyskills.com/?azure-portal=true>

Students, kick-start your tech career with a Microsoft Certification!

Microsoft Certifications validate your skills and abilities while proving your commitment to learning the latest technologies, and with 91% of hiring managers using certifications as a criterion when evaluating candidates, earning a Microsoft Certification can help you stand out, gain confidence, and even get paid more!

YOU NEED TO IDENTIFY AS A STUDENT IN ORDER TO PROCEED
NOTE: YOU WILL BE ACCESSING SEVERAL PLATFORMS DURING YOUR LEARNING JOURNEY. PLEASE REVIEW THESE PLATFORMS AND OUR RECOMMENDATION FOR WHICH ACCOUNT TO USE [HERE](#)

[VERIFY YOUR STUDENT STATUS](#)

 Microsoft Azure AI Fundamentals AI-900 Prove that you can describe the following: AI workloads and considerations; fundamental principles of machine learning on Azure; features of computer vision workloads on Azure; features of Natural Language Processing (NLP) workloads on Azure; and features of conversational AI workloads on Azure.	 Microsoft 365 Fundamentals MS-900 Prove that you understand cloud concepts; core Microsoft 365 services and concepts; security, compliance, privacy, and trust in Microsoft 365; and Microsoft 365 pricing and support.	 Microsoft Azure Data Fundamentals DP-900 Prove that you can describe the following: core data concepts; how to work with relational data on Azure; how to work with non-relational data on Azure; and an analytics workload on Azure.
 Azure Fundamentals AZ-900	 Microsoft Power Platform Fundamentals PL-900	 Microsoft Dynamics 365 Fundamentals CRM MB-910

Step 2: click the verify your student status button:

Microsoft Academic Verification

[Home](#) [FAQ](#) [Support](#)

Take advantage of your academic status

For academic status verification 'school' is defined to include 'schools, universities, colleges, technical/STEM schools, and other academic schools' throughout the verification process.

To get started, please choose a verification method:

☒ I have a school email account

☐ I have a school account

☐ I have an International Student Identity Card

☐ I was issued a verification code

☐ I can supply documentation

I have a school email account

Enter your email below to receive a verification link.

School email address *

Reenter school email address *

[Verify](#)

Step 3: Type your student mail id

Example: 20ITXXXX@studentstechnology.ac.in

Microsoft Academic Verification

Home FAQ Support

Take advantage of your academic status

For academic status verification 'school' is defined to include 'schools, universities, colleges, technical/STEM schools, and other academic schools' throughout the verification process.

To get started, please choose a verification method:

- I have a school email account
- I have a school account
- I have an International Student Identity Card
- I was issued a verification code.
- I can supply documentation

I have a school email account
Enter your email below to receive a verification link.

School email address *
20IT1176@students.stjosephstechnology.ac.in

Reenter school email address *
20IT1176@students.stjosephstechnology.ac.in

Verify

Step 4: Go to Supply document which is last option

To get started, please choose a verification method:

I have a school email account

I have a school account

I have an International Student Identity Card

I was issued a verification code.

I can supply documentation

Now you have to provide your College Identity card for verification.

Then click the verify button. It will take 10-15 days for verification.

Once authenticated, you can take advantage of the 100% discount. By scheduling the class

Microsoft Azure Virtual Training Day: Well-Architected

6 March 2023 2:00 PM - 5:30 PM | (GMT+05:30) Chennai, Kolkata, Mumbai, New Delhi
7 March 2023 2:00 PM - 5:30 PM | (GMT+05:30) Chennai, Kolkata, Mumbai, New Delhi

Delivery Language: English
Closed Captioning Language(s): English

Join us at Microsoft Azure Virtual Training Day: Well-Architected to learn how to build and manage high-performing workloads. You'll also explore the key pillars of security, performance, operational excellence, reliability and cost optimisation. Using the Microsoft Azure Well-Architected Framework, you'll learn to make effective design choices to create reliable workloads that meet your organisation's future needs.

Who should attend:

- Cloud architects
- Developers
- IT professionals
- Technology decision makers

Technical level: For those with foundational knowledge of networking and storage concepts.

After completing this training, you will be able to:

- Learn to identify architecture design gaps or areas of improvement in your current Azure workloads.
- Design your own high-performing Azure workloads.
- Feel confident enhancing security and operating reliable Azure workloads.

Here's what you can expect:

Part 1	Part 2
Introduction	Introduction
Well-Architected Overview	Operational Excellence Pillar
Break: 10 Minutes	Break: 10 Minutes
Security Pillar	Reliability Pillar

Note:

1. Few courses will be mentioned, that they will provide the Free Certificate. If they mentioned that, make sure you registered for the training. Training will last a maximum of 3 hours, and you will get a mail regarding that.

2. list of courses available

- Microsoft Azure AI Fundamentals (AI-900)
- Microsoft 365 Fundamentals(MS-900)
- Microsoft Azure Data Fundamentals(DP-900)
- Azure Fundamentals(AZ-900)
- Microsoft Power Platform Fundamentals(PL-900)
- Microsoft Dynamics 365 Fundamentals-CRM-(MB-910)
- Microsoft Dynamic 365 Fundamentals-MB-920
- Microsoft Security, Compliance, and Identity Fundamentals SC-900

Link: <https://msftstudentcert.cloudreadyskills.com/>

3. For Training

- A free certificate is only offered by a chosen few pieces of training.
- **Website address:** events.microsoft.com/en-us/mvtd
- They'll offer numerous training sessions. Discover the certification training by exploring.
